## 7300 Series Proprietary Telephones

The KX-T7300 Series proprietary telephones are designed for use with Panasonic Advanced Hybrid Telephone Systems KX-TA624, KX-TA1232, but can be used with our Digital Super Hybrid Systems as well. This upward compatibility is a plus for those who might want to upgrade to a digital system in the future without the expense of new phones. Choose from a wide variety of features to suit each individual's needs.

**Flexible Central Office (CO) Line Buttons** enable you to individually program each telephone for either Direct Station Selection (DSS)/Busy Lamp Field (BLF), automatic dialing or one-touch access to the feature used most often.

An **Auto-Answer Speakerphone** is a valuable asset when it comes to increasing efficiency. Featured on the KX-T7320 and KX-T7335, this handy speakerphone lets you set the phone for automatic hands-free answering of intercom calls. The phone will no longer be an annoying interruption! You now can take calls without putting your work on hold.

The **Multi-Purpose, Alphanumeric Backlit LCD** readout on the KX-T7335 shows time, day, month, dialing number, and call duration of external calls. On intercom calls, the caller's extension will appear before the phone is answered. Plus when used with

the KX-TA624 and KX-TA1232 systems or one of our Digital Super Hybrid Systems that is equipped for Caller ID\*, the display shows the outside caller's name and phone number. The KX-T7335 has a backlit display, making it easy to locate the phone and read the display in a dark room. The LCD readout can even help you program the system right from the phone via visual prompts.

Additionally, all Panasonic KX-T7300 Series phones come with a euro-style handset. Lightweight and stylish, this type of handset is comfortable and easy to use.

For an efficient communication system with the flexibility to adapt as your needs change, choose Panasonic 7300 Series phones.

\* Requires subscription to name-and-number Caller ID service offered by certain telephone companies for a fee.
